Opis produktu

Plate System with Bottle for Ford Coyote 5.0L / Godzilla 7.3 The Nitrous Express 5.0L Coyote and 7.3L Godzilla Plate System features spraybarless technology for the ultimate in atomization and distribution. The billet plate bolts between the throttle body and intake making installation quick and easy. The solenoids are integrated into the plate for a super clean look. A direct-plug-in Fuel Line Adapter is provided to simplify installation (no need to cut your factory fuel lines). This system includes a TPS Autolearn switch so the nitrous only activates at wide-open throttle and automatically turns off when you let your foot off the accelerator. The system includes jetting for 35, 50, 75, 100, 125, 150, and 200 horsepower Systems include extra long stainless braided N2O line, master arming switch, relay, relay harness, and all necessary hardware to complete the installation. Systems with a bottle include the new billet aluminum Lightning 500 bottle valve and stainless bottle brackets. Fits 2011-up Ford GT Mustangs with the 5.0L 4 valve coyote engine, 2011-2020 5.0L Ford Trucks and 2020 and newer Ford 7.3L Gasoline applications. If you have an aftermarket engine management system that is capable of adding nitrous enrichment fuel and want this system DRY (no fuel components), please contact us THE NITRO BOTTLE IS EMPTY!
