10AN Male Press-Fit for Nissan SR20DET S13 Exhaust Radium Engineering

Cena brutto	308,99 zł
Cena netto	251,21 zł
Dostępność	Na zamówienie
Numer katalogowy	331495991
Kod producenta	USA-RAD-20-0811

Opis produktu

20-0811 This low profile double ended 10AN banjo fitting is a direct replacement for the valve cover barbs found on the exhaust side of the Nissan SR20DET S13 valve cover. The S13 SR20DET valve cover has a dual purpose crankcase vent fitting. On side (rear) equalizes the pressure between the crankcase and the valve cover. The other side (front) vents to the turbo inlet pipe. This is why it is a double-ended 10AN fitting. NOTE: If just a single 10AN is required, use the fitting "20-0812 10AN Male Press-Fit, SR20DET S14/S15 Exhaust". This uses the same press-fit diameter. Instruction PDF
