Opis produktu

Before fitment, please ensure the spacer fits flat to the back of the wheel. Please also test for clearance after fitment at the wheel arch under full right and left wheel lock.

Extended wheel bolts are not supplied.

These wheel spacers are hubcentric. These have a bore size of 57.1mm.

These CNC machined precision alloy wheel spacers are 13 mm thick with a dual 5 stud bolt pattern for both 100 and 112mm PCD fitments. The spacers are anodised black to inhibit corrosion and "bonding" to the wheel or hub. These spacers are suitable for most vehicles produced by Volkswagen Group. A 13mm spacer will give an overall track increase of 26mm when fitted to both sides of an axle.

These spacers are priced and sold per pair.

**In The Box:
2 x FMWS13 13mm Wheel Spacer
1 x Forge Sticker**

All Forge wheel spacers are manufactured from 6082 alloy
