## 20mm 4x100 Wheel spacers for MK1 & MK2 VW Golf

Cena brutto	<b>279,51 zł</b>
Cena netto	<b>279,51 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>379176453</b>
Kod producenta	<b>FMWS20-4</b>
Kod EAN	<b>*5056721240824*</b>

### Opis produktu

**Before fitment, please ensure the spacer fits flat to the back of the wheel. Please also test for clearance after fitment at the wheel arch under full right and left wheel lock.**

**Extended wheel bolts/studs are required, but are not supplied.**

**These wheel spacers are hubcentric. These have a bore size of 57.1mm.**

These CNC machined precision alloy wheel spacers are 20 mm thick with a 4 stud bolt pattern for VW 100 PCD fitments as found on the MK1/MK2 VW Golf.

The spacers are anodised black to inhibit corrosion and "bonding" to the wheel or hub and are machined with an alloy spigot to allow centring on the hub (often called "hubcentric" spacers).

A 20mm spacer will give an overall track increase of 40mm when fitted to both sides of an axle.

These spacers are priced and sold per pair.

**Please note: These wheel spacers will not stack or work in combination on the same hub.**

**Bolt Pattern:4x100**

**Thread Pitch: 12x1.5**

**Thickness:20mm**

**Hub bore:57.1mm**

All Forge wheel spacers are manufactured from 6082 alloy
