20mm Audi, VW, SEAT, and Skoda Alloy Wheel Spacers

Cena brutto	429,47 zł
Cena netto	429,47 zł
Dostępność	Na zamówienie
Numer katalogowy	379174858
Kod producenta	FMWS20
Kod EAN	*5056721240817*

Opis produktu

Before fitment, please ensure the spacer fits flat to the back of the wheel. Please also test for clearance after fitment at the wheel arch under full right and left wheel lock.

Please note: Extended wheel bolts are not supplied

These wheel spacers are hubcentric. These have a bore size of 57.1mm.

These CNC machined precision alloy wheel spacers are 20 mm thick with a 57.1mm bore and dual 5 stud bolt pattern for both 100 and 112mm PCD fitments. The spacers are anodised black to inhibit corrosion and "bonding" to the wheel or hub and are machined with an alloy spigot to allow centering on the hub. (often called "hubcentric" spacers) The spacers are suitable for most vehicles produced by the Volkswagen, SEAT, Audi, Skoda group. A 20mm spacer will give an overall track increase of 40mm when fitted to both sides of an axle.

These spacers are priced and sold per pair.

Please note: Our 11mm, 16mm, and 20mm hubcentric wheel spacers will NOT work on the rear wheels of the MK3 VW 5x100 applications due to the longer length of the center spigot. There is no problem with the smaller 3mm, 5mm, and 8mm NON-hubcentric spacers..

**In The Box:
2 x FMWS20 20mm Wheel Spacer
1 x Forge Sticker**

All Forge wheel spacers are manufactured from 6082 alloy
