### Opis produktu

#### 4 Valve Nitrous Plate System-Stock Throttle Body for Ford

The Nitrous Express 4 Valve Plate System features a billet nitrous plate that fits between the throttle body and intake making installation quick, simple, and attractive. The system includes billet aluminum and carbon fiber nitrous and fuel solenoids for ultimate performance and weight savings. The system includes a Schrader valve fuel rail adapter for simple fuel system hook-ups, TPS wide open throttle switch, 15 foot nitrous feed line, master arming switch, relay, relay harness, and all necessary hardware to complete installation. System comes with jetting from 50-250hp. System can be purchased with 5, 10, 12 or 15lb bottle, all of which include the Billet aluminum Lightning 500 bottle valve. Fits 1996-2004 Cobra and Mach 1 Mustangs

*If you have an aftermarket engine management system that is capable of adding nitrous enrichment fuel and want this system DRY (no fuel components), please contact us*
