4150 Assassin Plate Gasoline RNC 250-750Hp with 10Lb Bottle Nitrous Express NX 67140-10

Cena brutto	9 569,99 zł
Cena netto	7 780,48 zł
Cena poprzednia	11 318,66 zł
Dostępność	Na zamówienie
Numer katalogowy	331570356
Kod producenta	USA-NX-67140-10

Opis produktu

Assassinate the competition with the Assassin plate system.

The Assassin is the most technically advanced single-stage plate ever designed. The CNC machined design integrates the nitrous and fuel discharge ports into the outer perimeter. The Assassin offers a unique perimeter spray pattern that assures perfect nitrous-fuel distribution.

Which, in turn, solves the problems commonly found on single-plane manifolds, particularly small and big block Fords. This new innovation provides superior distribution and outstanding atomization. With no spray bars to sag, split, block airflow, or damage this is the Next Generation in nitrous plate technology.

Plate thickness: 7/8"

This system includes:

- Jetting for 250, 350, 450, 550, 650, and 750HP
- Billet Aluminum and Carbon Fiber Lightning solenoids
- Heavy Duty 40 Amp Relay
- 6AN Feed Line
- Billet Aluminum Y-fittings
- Stainless Braided Solenoid to Plate Lines
- Systems With A Bottle Include Stainless Bottle Brackets and Lightning 500 Bottle Valve
- Fits Standard 4150 Flange Carburetors

If you have an aftermarket engine management system that is capable of adding nitrous enrichment fuel and want this system DRY (no fuel components), please contact us.
