Numer katalogowy	<b>331430313</b>
Kod producenta	<b>TS-0645-1052</b>

### Opis produktu

The Turbosmart VAG wastegate actuator range has been designed as a stronger, more reliable replacement for OEM parts. Like all Turbosmart parts, billet construction means they are stronger and more durable than a stock actuator, while Turbosmart's focus on performance means boost comes on faster and holds on longer. FEATURES: • Silicone diaphragm with Nomex reinforcement to withstand high temperatures. • High grade, billet aluminum construction. • Stainless steel rods and connecting clevis for corrosion resistance. • Locking Collar design cap allows for quick spring changes. • Ideal for use with any Turbosmart boost controller. Supplied With: Bracket and Fitting Hardware, Adjustment Nuts, Brown/Grey 5psi Inner Spring (installed).
