ARP Śruby podpór wału Mitsubishi 2.0L 4B11 EVO10

Cena brutto	1 019,41 zł
Cena netto	828,79 zł
Dostępność	Na zamówienie
Numer katalogowy	331505227
Kod producenta	ZRP-ARP-207-5201

Opis produktu

The ARP Pro Series Main Bolt Kits are forged from premium 8740 chrome moly and all the bolts feature generous under-head radius and heat treating for utmost reliability. The threads are rolled after heat treating, which makes them about 1000% stronger than most other main bolts. These bolts are nominally rated at 200,000 psi, and are application-specific main bolts with reduced wrenching head and are designed for use in competition applications. Parallel-ground, hardened washers are included with each kit.
