Opis produktu

Here we have the Oil Cooler Manifold as seen in our Oil Cooler kit for the Audi RS4 4.2 (B7 2006-2008) - [FMOCRS4](#)

This Oil Cooler Manifold replaces the OEM part to allow the installation of an aftermarket oil cooler in place of the cooler that comes from the factory. Our Oil Cooler Manifold is machined from 6082 billet aluminium and then anodised black to prevent any possibility of corrosion. The manifold has two AN-12 fittings to allow you to add your own braided lines to suit your specific needs.
