Cena brutto	1 177,79 zł
Cena netto	1 177,79 zł
Dostępność	Na zamówienie
Numer katalogowy	379173245

Opis produktu

Two silicone boost hoses, turbo to intercooler and intercooler to intake manifold. These are available in a choice of colours and are made to withstand the greater pressures often found on tuned vehicles. These hoses will fit the 210 / 225 versions of the VAG 1.8T engine as found in the Audi TT, Seat Leon Cupra R and Audi S3.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
