Blow Off Adaptor for Audi, VW, SEAT, and Skoda

Cena brutto	438,83 zł
Cena netto	438,83 zł
Dostępność	Na zamówienie
Numer katalogowy	379174930

Opis produktu

With the introduction of the VAG TSi Turbo Engine, we developed a patented atmospheric blow-off adapter specifically designed to fit this application. Simple in execution, yet **offering the desirable atmospheric blow-off valve sound**, this product has been designed to be fully compatible with the Bosch engine management systems employed.

☐ **Fantastic service, quick delivery, easy to fit, and sounds amazing when you let off the throttle. This is a must**

☐

This is not only a high quality replacement for vehicles fitted with the OEM solenoid valve part number **06F 145 710 D**, but will fit earlier applications of the 2.0 FSiT, the later TFSi 2 litre, and the 5 cylinder TTRS.

We recommend [servicing](#) your valve every 3 years, or 20,000 miles, whichever comes sooner

In The Box:
1 x FMDV14T Blow Off Adaptor
3 x M6 x 40 Socket Cap Bolts
1 x Forge Sticker

If you are unsure if this product is suitable for your application, please contact us.
