### Opis produktu

**This only fits vehicles from 2022 onwards**

This adaptor installs in between the intake manifold elbow and the vacuum pipe coming from it. Behind the two pipes circled below. Please check this before ordering as you may require [FMBGFK21](#)

A simple solution requiring no tools for fitting a boost gauge or vacuum operated valve without having to cut into any original equipment. Hardware including silicon hose and fitting instructions are supplied and the application is fully reversible.

**For this type of engine with the vacuum source here, this kit is required**

**If your engine has the vacuum source in this location you will require [FMBGFK21](#)**

**In the Box:**
