Boost Hose for BMW 535 pre LCI

Cena brutto	543,73 zł
Cena netto	543,73 zł
Dostępność	Na zamówienie
Numer katalogowy	379176282
Kod producenta	FMBM57D
Kod EAN	*5056721216300*

Opis produktu

This hose was designed to overcome the known boost and oil leakage of the original fitment hose on the BMW 535D E60/E61. Though this normally goes undetected due to its location, eventually, total failure occurs.

Our solution is a 4ply Fluorosilicone hose to withstand the temperatures and pressures involved, but more importantly resist the degradation from oil. This is combined with CNC machined alloy couplers for the perfect, no leakage fitment. We supply the new hose, aluminium couplers and jubilee clips, in fact everything you require to replace your standard hose.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader
- Limited Lifetime warranty*

OEM Part number - 11617797698

PLEASE NOTE: THE ORIGINAL O-RING/SEAL MUST BE RETAINED FOR USE WITH THIS FORGE HOSE
