Kod producenta	FMKT130PD

Opis produktu

This Boost Hose replacement kit replaces the original turbo hose with a silicone replacement that utilises an alloy coupler. The short intercooler hoses are replaced with all alloy couplers to eliminate the known failures that occur.

When ordering please select your colour choice in the options above.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*

PLEASE NOTE: THE ORIGINAL O-RINGS/SEALS MUST BE RETAINED FOR USE ON THE FORGE HOSES
