Cena brutto	273,00 zł
Cena netto	221,95 zł
Dostępność	Na zamówienie
Numer katalogowy	331430414
Kod producenta	TS-0720-1005

Opis produktu

Turbosmart's Boost Reference Adapters (BRAs) allow access to a reliable boost reference, without compromising the operation of the car's standard sensors and control systems. The BRA attaches between the vehicle's MAP sensor and the intake manifold, providing a pressure source to two ports, while still allowing full, uninterrupted pressure to the MAP sensor. The two ports allow users to run a wide variety of accessories such as boost gauges and blow-off valves, with the responsiveness, versatility and reliability that a traditional vacuum-operated system offers. Precision-machined out of billet aluminium, Turbosmart's BRAs ensure an excellent fit, zero leaks and complete compatibility with the OEM MAP sensor.
