## Boost Reference Adapter Turbosmart VW Golf GTI R Mk7

Cena brutto	<b>278,91 zł</b>
Cena netto	<b>226,76 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331430440</b>
Kod producenta	<b>TS-0720-1010</b>

### Opis produktu

Turbosmart's Boost Reference Adapters (BRAs) allow access to a reliable boost reference, without compromising the operation of the car's standard sensors and control systems. The BRA attaches between the vehicle's MAP sensor and the intake manifold, providing a pressure source to a vacuum port, while still allowing full, uninterrupted pressure to the MAP sensor. The single port can be used to run a wide variety of accessories such as boost gauges and blow-off valves, with the responsiveness, versatility and reliability that a traditional vacuum-operated system offers. Precision-machined out of billet aluminium, Turbosmart's BRAs ensure an excellent fit, zero leaks and complete compatibility with the OEM MAP sensor.
