CANchecked Connection Cable MFD15/28/32 to DTM 1.2m

Cena brutto	109,99 zł
Cena netto	89,42 zł
Dostępność	Na zamówienie
Numer katalogowy	331552224
Kod producenta	CC00120

Opis produktu

1.2-meter Connection Cable for Our MFD15/28/32 CANchecked Displays to 4-pin DTM - e.g., for CBD08

This **connection cable** allows the connection of our Molex display connectors to 4-pin DTM sockets and is particularly flexible and versatile with a length of **1.2 meters**. It has been specifically designed to ensure stable and reliable data transmission between our displays and other CAN bus devices. Our new **DTM-Line** ensures easy wiring and error-free communication within the CAN bus network, guaranteeing consistently stable and reliable signal transmission.

The cable is ideal for use in vehicles or industrial applications and is valued for its robustness, simplicity, and high transmission quality.

Features:

- **Twisted cable** with a length of 1.2 meters
- **Connection** from Molex display connectors to 4-pin DTM connectors
- **Specifically designed** for stable and reliable data transmission
- **Optimized for connection** with devices like the CBD08
- **Latest CANchecked DTM-Line technology** for simple and error-free communication within the CAN bus network
- **Especially suitable** for use in vehicles or stationary applications

With this cable, you get a reliable solution for integrating our displays into existing or newly set-up CAN bus networks that demand the highest standards for signal stability and transmission quality, with minimal installation effort.
