Kod producenta	MMRAD-DATS-70

Opis produktu

The Mishimoto performance aluminum radiator for the Datsun 240Z is the ideal update to the stock Datsun radiator. The last thing you want is to be limited by an old, worn out radiator during a hot day at the strip or when you're stuck in traffic. Our engineers know that, and our design reflects this by utilizing all-aluminum construction and added fluid capacity to increase cooling efficiency. With polished end tanks and a signature Mishimoto radiator cap, the Mishimoto Datsun 240Z radiator looks as good as it performs! Direct fit for the 1970-1973 Datsun 240Z and 1974-1975 Datsun 260Z. Overall Size: 27.3" x 19.16" x 6.2" / Core Size: 23.15" x 13.58" / Rows: 2 / Inlet & Outlet: 1.38" / Core Thickness: 1.65" / Tank Wall Thickness: 0.08" All-aluminum construction includes high-pressure rad cap and magnetic drain plug. Mishimoto Lifetime Warranty.
