Opis produktu

A Mishimoto performance aluminum radiator is the ideal upgrade to the stock Dodge Neon radiator. Designed and engineered to maximize cooling efficiency, boost engine functions, and most importantly protect your car from overheating. Whether you use your Neon as a daily driver or take it to the track, installing an upgraded performance radiator is essential in maintaining a cooler more efficient running engine. The Mishimoto Aluminum Dodge Neon Radiator features a lightweight dual core, 100% brazed aluminum, and polished end tanks. Every Mishimoto performance aluminum radiator is a direct OEM fit, making installation effortless with no cutting or modification required. As with all our aluminum radiators, this radiator is protected by the Mishimoto Lifetime Warranty.
