Chłodnica wody Mishimoto Ford Fiesta ST 2014-2019

Cena brutto	3 284,00 zł
Cena netto	2 669,92 zł
Dostępność	Na zamówienie
Numer katalogowy	331389721
Kod producenta	MMRAD-FIST-14K

Opis produktu

The Fiesta ST is a fantastic choice of car for the track or autocross, but it can suffer from some cooling deficiencies. It's hard to win a race if you have to hit the pits after only a couple laps. Constructed of 100% aluminum and featuring a 3-row core, this Fiesta ST radiator is the ultimate in cooling efficiency. This Mishimoto Fiesta ST radiator will make sure your Fiesta is running cool, lap after lap. The radiator core measures in at a massive 52mm thick, requiring our engineers to get creative with the fitment of the fan and shroud. Unlike other Mishimoto radiators, this Fiesta ST radiator includes a Mishimoto compact fan shroud for increased airflow through the radiator. This compact fan shroud retains the use of the stock electric fans, and was stringently tested to ensure that the airflow remained intact for performance applications. Testing during steady-state driving yielded coolant temperature drops of 10 Å , Å F (5.5 Å , Å C) when compared to the stock Fiesta ST radiator and fan shroud. Like the rest of the Mishimoto lineup of Fiesta ST parts, this radiator comes with the Mishimoto Lifetime Warranty, to ensure superior quality and craftsmanship. Direct fit for 2014+ Ford Fiesta ST All-aluminum design includes Mishimoto's compact fan shroud for increased airflow. Overall Size: 25.67" x 19.25" x 7.1" / Rad Core Size: 24.68" x 14.4" x 2.04" Reduces coolant temperatures by 10 Å , Å F with no cutting or fabrication necessary. Mishimoto Lifetime Warranty
