Opis produktu

The Mishimoto half length Honda civic performance radiator is a perfect upgrade for anyone looking to increase engine performance and cooling efficiency. Popular among import tuners, this half sized radiator can also be tailored towards B and D series motors in custom applications (note: Mishimoto cannot give technical or installation help on custom application installations). Designed and engineered to maximize cooling efficiency, boost engine functions, and protect your car from overheating. Whether you drive your Civic daily or take it to the track, installing an upgraded civic radiator is essential in maintaining a cool well balanced engine. The Mishimoto Honda Civic Aluminum Radiator features a lightweight dual core, 100% brazed aluminium, and polished end tanks. This aluminum radiator, like all Mishimoto radiators, comes with a 1.3 bar high-pressure radiator cap and is backed by our unparalleled Mishimoto Lifetime Warranty. For even greater cooling efficiency pick up a Mishimoto lightweight aluminium 92-00 Honda Civic fan Shroud kit.
