### Opis produktu

A Mishimoto performance aluminum radiator is the ideal upgrade to the stock Honda Prelude radiator. Designed and engineered to maximize cooling efficiency, boost engine functions and most importantly protect your car from overheating. Whether you're a daily driver or you take your car to the track, installing an upgraded radiator is essential if you want to lower your risk of engine failure. The Mishimoto performance aluminum radiator features a lightweight dual core, 100% brazed aluminum, and polished end tanks which will enhance the overall performance of your engine. Every Mishimoto aluminum radiator is a direct OEM fit, making installation effortless with no cutting or modification required. This Mishimoto radiator comes with a High Pressure 1.3 Bar Radiator Cap and, as with every aluminum radiator, includes the Mishimoto Lifetime Warranty. A perfect match to the Prelude fan shroud kit.
