Chłodnica wody Mishimoto Mitsubishi Lancer Evolution VII/VIII/IX 2001-2007

Cena brutto	1 856,00 zł
Cena netto	1 508,94 zł
Dostępność	Na zamówienie
Numer katalogowy	331389707
Kod producenta	MMRAD-EVO-01H

Opis produktu

Freeing up engine bay space for a front-facing or large turbocharger can be a challenge in the Mitsubishi Lancer Evolution. Keep your high-horsepower Evo cool with the Mishimoto Lancer Evolution 7/8/9 Half-Size Performance Aluminum Radiator. This radiator features full-aluminum construction with precision TIG-welded end tanks for superior heat dissipation and durability. The large 2.05" thick brazed aluminum core provides clearance for upgraded turbocharger setups while maintaining optimal coolant temperatures for runs at the drag strip or through the autocross course. This radiator features a unique internal baffle that provides superior fluid dispersion resulting in lower coolant temperatures. Included with this radiator is a Mishimoto [Magnetic Oil Drain Plug, M12 x 1.5](#) with high-quality dowty seal for removal of any metal fragments in your cooling system. The radiator also includes a Mishimoto [1.3 Bar High-Pressure Radiator Cap](#) that effectively raises the boiling point of coolant to create a safer and more efficient system. The Mishimoto Lancer Evolution Half-Size Performance Aluminum Radiator works perfectly with factory coolant hoses or a Mishimoto [Silicone Radiator Hose Kit](#) and includes an upper radiator stay, making this a hassle-free, bolt-on installation. Installing a capable fan solution is easy with the Mishimoto radiator thanks to the incorporated stock shroud-mounting points. Optionally a slim fan can be installed for improved clearance. This aluminum radiator includes the Mishimoto Lifetime Warranty, ensuring superior product quality and craftsmanship.

- Direct fit for the 2001-2007 Mitsubishi Lancer Evolution
- Overall Size: 14" x 19.5" x 4.38" / Core Size: 13.38" x 15.2" / Rows: 3
- Inlet & Outlet: 1.38" / Core Thickness: 2.05" / Tank Wall Thickness: 0.08"
- Half-size design provides clearance for large twin-scroll and forward-facing turbocharger setups
- Mishimoto Lifetime Warranty
