### Opis produktu

The Mishimoto performance aluminum radiator for the Nissan 240SX is designed and engineered to maximize cooling efficiency by up to 30%, boost engine functions, and most importantly, protect your car from overheating whether you drive your vehicle daily or take it for track runs. The Mishimoto aluminum Nissan 240SX radiator features a lightweight dual core, 100% brazed aluminum, and polished end tanks, enhancing the overall performance of your engine. Every Mishimoto aluminum radiator is a direct OEM fit, making installation effortless with no cutting or modification required. This is the ideal upgrade to the stock Nissan 240SX radiator. This radiator comes with a high pressure 1.3 bar Mishimoto radiator cap and, as with every Mishimoto aluminum radiator, this radiator includes the Mishimoto Lifetime Warranty. For even more cooling efficiency check out the Mishimoto lightweight Nissan fan shroud for your 240sx.
