Cena brutto	14 964,00 zł
Cena netto	12 165,85 zł
Numer katalogowy	WT-200001078

Opis produktu

EVO 2 High Performance Intercooler Kit: The ultimate performance upgrade for your Porsche 996 Turbo / Porsche 996 Turbo S. Experience the untamed power of your Porsche 996 Turbo / Porsche 996 Turbo S with our EVO 2 high-performance intercooler kit. Here's what this kit has to offer. Our EVO 2 high-performance intercoolers (2 x [330mm x 222mm x 145mm] = 21,244cc). Are designed to provide a whopping 77% more charge air volume than the factory intercoolers. This translates into a significant increase in your vehicle's performance. Our specially designed Competition high performance intercooler core ensures excellent cooling characteristics. Even under extreme conditions, your engine will maintain the optimum temperature. Despite its impressive performance, our intercooler kit is surprisingly lightweight. Each of the two coolers weighs just 6.7 kg, which helps reduce weight in addition to increasing performance. CAD designed cast aluminum freeform end boxes provide the best possible internal airflow and high pressure resistance of up to 6 bar (tested). Our kit includes a custom-fit carbon air duct that ensures the intercooler is optimally supplied with fresh air. This is crucial for maximum performance of your vehicle. The kit includes additional silicone hoses with an enlarged cross-section to optimize airflow. Our intercoolers are finished with an anti-corrosion coating that not only ensures durability, but also provides excellent heat conduction properties. Our kit comes complete with new carbon air guides, silicone hoses and aluminum adapters. Installation is simple and replaces the factory intercoolers. This kit is specifically designed for racing and features a 70mm intake and exhaust for maximum performance. Get the most out of your Porsche 996 Turbo with our EVO 2 high performance intercooler kit. Visit our website for more information and to order your kit. The Wagner Tuning Competition Intercooler EVO2 Upgrade Kit for Porsche 996 Turbo / Porsche 996 Turbo S.
