Opis produktu

Dive into a world of enhanced performance with our high performance intercooler.

With impressive core dimensions of 610 mm x 440 mm x 65 mm and an impressive volume of 17.446 liters, this intercooler offers a 178% larger flow area and 158% more charge air volume compared to the factory intercooler.

Our Competition high-performance intercooler core, equipped with internal turbulators, sets new standards for efficiency and quality. Despite its size, this high-performance cooler weighs only 9.1 kg, making its performance even more impressive.

The cast aluminum end boxes have been CAD designed and optimized by CFD simulations for optimal internal airflow. An integrated air guide in the end box ensures uniform filling of the Competition high-performance intercooler core. With a connection diameter of Ø67mm, reinforced silicone hoses are included to further optimize airflow. Our intercoolers are equipped with a high-quality anti-corrosion coating, which not only protects against environmental influences, but also provides excellent heat conduction properties. This guarantees permanent and optimal cooling and leads to a noticeable increase in performance.

Our intercooler kit is completely ready to install and only requires replacement with the factory intercooler. A simple step for a significant increase in performance.

With pressure tests up to 6 bar, this intercooler is ready to meet the demands of racing and demanding drivers. We place great emphasis on quality. Our intercooler kit is subject to constant qualitative monitoring to ensure you get only the best.

The Wagner Tuning Competition Intercooler Upgrade Kit is suitable for the following vehicles:

Audi A4 B8.5 1.8 TFSI 2013-2015 (MKB:CJEB/CJED/CJEE)*.

Audi A4 B8.5 2.0 TFSI 2013-2015 (MKB:CNCD/CNCE)*

Audi A4 B8.5 Allroad 2.0 TFSI 2013-2015 (MKB: CNCD/CNCE)*

Audi A5 B8.5 1.8 TFSI 2015- (MKB: CJEB/CJED/CJEE)*

Audi A5 B8.5 2.0 TFSI 2013 (MKB: CNCD/CNCE)*

Audi A5 B8.5 Sportback 1.8 TFSI 2015- (MKB: CJEB/CJED/CJEE)*

Audi A5 B8.5 Sportback 2.0 TFSI 2013- (MKB: CNCD/CNCE)*

* For vehicles with dynamic steering, the additional cooling loop must be relocated to a different position. You will find notes on this in our installation instructions.

Part number 200001132

Kit comes wit:

1 intercooler

2 charge air hoses

1 aluminum tube

5 hose clamps

1 mounting material

1 assembly instruction
