Cena netto	15 365,85 zł
Cena poprzednia	19 437,81 zł
Dostępność	Na zamówienie
Numer katalogowy	331140353
Kod producenta	WT-200001180

Opis produktu

Experience unmatched performance with our high performance intercoolers!

Get ready for a power upgrade that will take your engine to a new level. Our high performance intercoolers offer outstanding features, providing optimal cooling and a noticeable increase in power.

With generous intercooler core dimensions of 2 x [265mm x 340mm x 105mm], our intercoolers offer a whopping 41% more charge air volume compared to the original intercoolers. Thanks to our special Competition high-performance core, you'll enjoy superior cooling performance that meets even the most demanding requirements. And all this with a feather-light weight of only 6.5 kg per intercooler.

Our unique intercooler kit Intercoolers with free-form cast aluminum end boxes developed using the latest CAD technology. This allows for optimal internal airflow that contributes to maximum performance. These intercoolers are also impressively pressure-resistant, withstanding loads of up to 6 bar (tested). For optimal intercooler flow, 2 matching carbon air guides are included in the kit. To ensure a long-lasting cooling effect, all our intercoolers are equipped with a high-quality anti-corrosion coating that simultaneously enables efficient heat dissipation. The result: optimal cooling and a significant increase in performance for your engine. Our complete kit is fully ready to install and allows for easy replacement of the stock intercooler. Enjoy the benefits of our high performance intercooler without having to perform extensive modifications. Quality is our top priority, so all our products are subject to continuous qualitative monitoring.

By the way, our high performance intercoolers are also suitable for racing, for those who are looking for the ultimate driving experience. Please note that vehicles with parking heaters require adjustment work to ensure an optimal fit.

Rev up your engine and experience the power explosion with our high performance intercoolers. Grab it now and take pole position!

The Wagner Tuning competition intercooler fits the following vehicle:

Audi RS6 C8
Audi RS7 C8

core dimensions OEM intercooler:

V = 13.4 L
A = 1490 cm²

core dimensions Wagner Tuning intercooler:

V = 18,9 L (+41%)
A = 1802 cm² (+21%)

Part number 200001180

Kit comes with:
2 intercoolers

2 carbon air ducts
4 silicone hoses
1 mounting material
1 assembly instruction
