Competition Intercooler Kit Wagner Tuning for Cupra Formentor VZ5 2.5TFSI

Cena brutto	4 689,99 zł
Cena netto	3 813,00 zł
Cena poprzednia	4 823,45 zł
Dostępność	Na zamówienie
Numer katalogowy	331503463
Kod producenta	WT-200001205

Opis produktu

Bring your vehicle's true potential to life with our Competition intercooler - the ultimate performance boost for an unparalleled driving experience!

The Competition intercooler is designed to set new standards. With core dimensions of 620 mm x 440 mm x 65 mm, it offers an impressive external charge air volume of 17.7 liters (compared to the conventional 9 liters). The new Competition high-performance intercooler core (Tube Fine) not only ensures sufficient airflow for adjacent components such as the water cooler, but also impresses with its low weight. The intercooler weighs a total of just 9.2 kg.

The cast aluminum end boxes were developed using state-of-the-art CAD technology and optimized by CFD simulations to ensure the best possible internal airflow. Integrated air routing in the end box ensures homogeneous filling of the Competition high-performance intercooler core, maximizing the efficiency of your vehicle. The intercooler's inlets and outlets have been enlarged to a diameter of Ø 70 mm, which is why this kit comes with reinforced silicone hoses.

Our Competition intercooler guarantees unmatched performance and effectiveness. Due to the optimized flow characteristics and the inflow area, the back pressure is increased and the charge air is cooled much more efficiently. The result? A remarkable increase in performance that leaves your competition behind.

We know that quality and durability are critical. That's why all of our products undergo rigorous quality monitoring, so you can be sure you're getting nothing but the best.

Get ready to dominate the road and take the driving experience to a new level. Choose the Competition Intercooler and feel the difference in every corner, under every acceleration and on every track!

The Competition Intercooler Upgrade Kit is suitable for the following vehicles:
Cupra Formentor VZ5 2.5TFSI

Part number: 200001205

Kit comes with:

- 1 intercooler
- 2 silicone hoses
- 4 hose clamps
- 1 mounting material
- 1 assembly instruction

Weight: 15.16 kg
Volume: 51.20 cm³/kg
