Cena brutto	4 980,27 zł
Cena netto	4 049,00 zł
Numer katalogowy	WT-200001087

Opis produktu

Increase the performance of your Ford F150 EcoBoost with our high performance intercooler. Your Ford F150 EcoBoost deserves the best performance, and that's exactly what our high-performance intercooler provides. Here are the stunning details: With mesh dimensions of 500mm x 388mm x 125mm (stepped), this intercooler offers an amazing 62% larger flow area and an impressive 108% more charge air volume compared to the factory intercooler. Our new Competition high performance mesh not only ensures high efficiency, but is also extremely lightweight. It improves the overall performance of your vehicle without weighing it down unnecessarily. The end boxes of the charge air cooler are made of cast aluminum and have been optimized down to the smallest detail using flow analyses in the CAD system. This enables significantly lower backpressure, which is particularly advantageous at low intake temperatures. The installation of this high-performance charge air cooler is uncomplicated and does not require any complex adjustments. Quality is our number one priority, and we ensure that every product meets our high standards. With our high-performance charge air cooler, we guarantee optimal cooling of the charged air. The result? A noticeable increase in performance that takes your driving experience to a new level. Like all our products, this intercooler is subject to strict qualitative monitoring. We do our best to make sure you get only the best. Ready to boost the performance of your Ford F150 EcoBoost? Install our high-performance intercooler today and experience the improvements firsthand. Visit our website for more information and to place an order.
