Competition Intercooler Kit Wagner Tuning for Ford F150 Raptor 10 Speed

Cena brutto	5 999,01 zł
Cena netto	4 877,24 zł
Dostępność	Na zamówienie
Numer katalogowy	331140226
Kod producenta	WT-200001119

Opis produktu

Experience a revolutionary increase in performance with our Competition high performance intercooler! Looking for a way to maximize your vehicle's performance and efficiency? Our Competition high-performance intercooler is the answer. Here's what you can expect from this impressive product: Our high performance intercooler redefines the standards for performance. With intercooler core dimensions of 500mm x 388mm x 125mm (stepped), it offers an impressive 62% larger flow area and an incredible 108% more charge air volume compared to the conventional intercooler. This means your engine gets more cooled air, resulting in a noticeable increase in power. Our new Competition high-performance core is specifically designed to allow sufficient airflow to adjacent components, such as the water cooler. Despite its impressive performance, this intercooler core is lightweight and does not add unnecessary weight to your vehicle. Our intercooler features significantly lower backpressure, making it the best choice when it comes to low intake temperatures. Enjoy the benefits of optimized cooling of the supercharged air and feel a significant increase in performance. The end boxes of our intercooler are made of high quality cast aluminum and have been optimized using flow analysis in the CAD system. This ensures maximum performance and efficiency. The installation of our kit is very easy and includes additional mounting material to relocate the original oil cooler and to adapt the original fan frame. Quality is our top priority and our product is subject to constant qualitative monitoring. Experience a new dimension in vehicle performance with our Competition high performance intercooler. Maximize your vehicle's performance, lower intake temperatures and increase efficiency. It's time to take your driving experience to the next level! Discover the future of vehicle performance with our Competition high-performance intercooler. COMPETITION CHARGE AIR COOLER KIT FORD F150 RAPTOR Gen 2 Intercooler upgrade kit for Ford (USA) F-150 Raptor 3.5L Ecoboost with 10 speed automatic transmission. Core OEM intercooler: Cooling surface 120.000mm² Intercooler volume 9,6L Core Wagner Tuning intercooler: Cooling surface 194.000mm² Charge air volume 19,9L
