Competition Intercooler Kit Wagner Tuning for Ford Mondeo MK4 2,5T

Cena brutto	3 549,00 zł
Cena netto	2 885,37 zł
Dostępność	Na zamówienie
Numer katalogowy	331140330
Kod producenta	WT-200001163

Opis produktu

Get the most out of your vehicle with our Competition high performance intercooler!

Our Competition high-performance intercooler sets new standards in terms of performance and cooling. With the impressive intercooler core dimensions of 640mm x 200mm x 110mm (14,080cm³), it offers a 24% larger inflow area and a charge air volume that is 60% larger than the standard intercooler. With our Competition high-performance intercooler core, you can rely on excellent cooling properties.

The intercooler has been developed using the latest CAD technology with free-form cast aluminum end boxes to ensure the best possible internal airflow. The result is an intercooler that has significantly less back pressure than the stock intercooler. The weight of the intercooler is a light 10.5 kg, which contributes to improved vehicle dynamics. All of our intercoolers are provided with a high-quality anti-corrosion coating, which not only protects against environmental influences, but also has excellent heat-conducting properties. This ensures optimal cooling and you benefit from a significant increase in performance. Installation is child's play thanks to our completely ready-to-install kit - simply swap it for the standard intercooler and get started. The connection diameter is 65mm on both sides to ensure optimal air supply.

Our Competition high-performance intercooler has been subjected to intensive tests and is pressure-stable up to 6 bar. Quality is our top priority, which is why all our products are subject to continuous quality monitoring.

The advantages at a glance:

- Impressive increase in performance for your vehicle
- Larger inflow area for optimal cooling performance
- Light weight for improved vehicle dynamics (10.5 kg)
- Less back pressure for improved performance
- High quality anti-corrosion coating with thermal conductivity properties
- Plug and play installation for easy assembly
- Tested and pressure stable up to 6 bar
- Quality monitoring for reliable performance

Take your vehicle's performance to the next level with our Competition high-performance intercooler. Experience optimal cooling and impressive performance at every race!

The Wagner Tuning Competition intercooler kit fits in the following vehicles:
Ford Mondeo MK4 2.5T 162KW/220HP (2007-2010)

Part number: 200001163

Kit comes with:

- 1 intercooler
- 1 mounting material
- 1 assembly instructions
