Competition Intercooler Kit Wagner Tuning for Kia Optima (JF) GT

Cena brutto	3 999,00 zł
Cena netto	3 251,22 zł
Numer katalogowy	WT-200001151

Opis produktu

Get the best out of your Kia Optima GT with the Wagner Tuning high performance intercooler. This innovative kit is specially designed to meet the requirements of your vehicle and give you an unparalleled driving experience. The high performance intercooler features a new competition intercooler core (Tube Fin) with dimensions of 340 mm x 445 mm x 70 mm + 340 mm x 173 mm x 70 mm (stepped core: 14.71 liters). With a 104% larger flow area and 120% more intercooler core volume compared to the stock intercooler, this high performance intercooler offers impressive performance. The cast aluminum end boxes were CAD designed and optimized through CFD simulations to ensure ideal internal airflow. The result is excellent cooling characteristics with minimal back pressure. In addition, the newly developed Competition high-performance core ensures sufficient airflow to adjacent components such as the water cooler through the use of a custom air baffle. This kit is thus perfectly suited for racing and provides optimal cooling of the supercharged air with a significant increase in performance. The Wagner Tuning high-performance charge air cooler is equipped with a high-quality anti-corrosion coating, which ensures a durable and optimal cooling effect under all environmental influences. It is easily installed on the original mounting points and is easy to perform thanks to the plug and play design. Trust in the high quality of our products, which are subject to constant qualitative monitoring. Discover the performance and possibilities of the Wagner Tuning high performance intercooler and get the best out of your Kia Optima GT. Inlet and outlet diameter: Ø65mm Competition INTERCOOLER KIT for Kia Optima GT 2,0TGDI Kia Optima (JF) GT 2,0TGDI 175-180KW/238-245PS 2016-2019 core dimensions OEM intercooler: V = 6,68 LA = 742,1 cm² core dimensions Wagner Tuning intercooler: V = 14,71 L (+120%) A = 1513 cm² (+104%) part number: 200001151 Kit comes with: 1 intercooler 2 silicone hoses 1 mounting material 1 installation instruction
