Cena poprzednia	4 812,15 zł
Dostępność	Na zamówienie
Numer katalogowy	331140276
Kod producenta	WT-200001137

Opis produktu

Please Select Your OptUnleash the true power of your Porsche Macan 2.0 TSI with the COMPETITION CHARGE AIR COOLER KIT.

Ready to take your Porsche Macan 2.0 TSI to a new level of performance? With the high performance charge air cooler from WAGNERTUNING, this dream becomes a reality.

The numbers speak for themselves: with impressive mesh dimensions of 610 mm x 440 mm x 65 mm (= 17,446L), this cooler offers an impressive 178% larger flow area and a whopping 158% more charge air volume compared to the original. The Competition high-performance network with internal turbulators sets new standards. And the best part? All this power comes at a weight of just 9.1 kg. The cast aluminum end boxes are the result of CAD precision and CFD simulations for optimal internal airflow. An air guide integrated in the end box ensures uniform filling of the Competition high-performance mesh. With connection diameters of Ø67 mm, this kit is equipped with reinforced silicone hoses. The back pressure of this intercooler is significantly lower than the standard intercooler.

The anti-corrosion coating with excellent heat conduction properties is the secret to long-lasting optimal cooling and a noticeable increase in performance. This complete kit is ready to install and can be easily replaced with the stock intercooler.

Perfection in every respect

Pressure-resistant up to 6 bar and perfectly tuned for racing, this product is subject to strict quality monitoring, just like all our other products.

Ready to take your Porsche Macan 2.0 TSI to the next level? Choose the COMPETITION CHARGE AIR COOLER KIT and feel the difference.

The Competition Intercooler Upgrade Kit fits:
Porsche Macan 2.0TFSI 2014-2018 (174KW/237PS).
Porsche Macan 2.0TFSI 2018-2021 (180KW/245PS)
Porsche Macan 2.0TFSI 2016-2018 (185KW/252PS)

Anti-corrosion coating with heat conduction properties.
Optimal cooling with a significant increase in performance.
Complete ready-to-install kit, 100% perfect fit.
Simply replace with stock intercooler.

Part number 200001137

kit comes with

- 1 Intercooler
- 1 air duct
- 2 charge air hoses
- 4 hose clamps
- 1 mounting material
- 1 assembly instruction
