Cena brutto	3 741,00 zł
Cena netto	3 041,46 zł
Numer katalogowy	WT-200001061

Opis produktu

Optimize the performance of your Audi A1 1.4 TSI with our Competition Intercooler Kit! If you're looking for a way to boost the performance of your Audi A1 1.4 TSI, our Competition Intercooler Kit is the perfect solution. Here are some of the impressive features that make this kit stand out: With mesh dimensions of 590 mm x 170 mm x 100 mm, our intercooler offers a remarkable 70% larger flow area compared to the stock cooler. This means that your engine gets more fresh air, resulting in improved combustion and therefore increased performance. Our kit provides an amazing 112% more charge air volume than the factory radiator. This results in increased power and a noticeable increase in torque. The Competition high-performance mesh provides excellent cooling characteristics and ensures that your engine always maintains optimal operating temperature. Despite its impressive performance increase, our intercooler is lightweight at only 6.6 kg and does not put unnecessary strain on your vehicle. CAD-developed free-form end boxes made of cast aluminum ensure the best possible internal airflow and minimize backpressure compared to the stock cooler. Our kit is completely ready to install and allows for easy replacement with the factory intercooler. It is a plug and play upgrade. All of our intercoolers are coated with an anti-corrosion coating that also has heat conduction properties. This ensures long lasting and optimal cooling. Our kit has been tested up to 6 bar and has proven its pressure stability. If you like to use your vehicle on the race track, this kit will meet your needs. We place great emphasis on quality and continuously monitor the manufacturing of our products to ensure they meet the highest standards. Take this opportunity to take the performance of your Audi A1 1.4 TSI to the next level. Visit our website for more information and to order your kit. The Competition intercooler kit for VAG 1.4 TSI fits the following vehicles: Audi A1 1,4 TSI 136KW/185PS (2010+) Audi A1 Quattro 2,0TFSI 188KW/256PS (2012) limited edition Audi A1 1,6TDI 66-77KW/90-105PS (2011-2014)* additional adjustment at water cooler necessary Audi A1 2,0TDI 105KW/143PS (2011-2014) Skoda Fabia RS 1,4 TSI 132KW/180PS (2010+) Skoda Fabia 1,6TDI 66-77KW/90-105PS (2010-2014) VW Polo 6R GTI 1,4 TSI 132KW/180PS (2010-2014) VW Polo 6R WRC 2.0 TSI 162KW/220PS (2013-2014) VW Polo 6C GTI 1,8 TSI 141KW/192PS (2015+) With slight adjustment work also for the following.
