Opis produktu

Enrich your driving experience with our innovative high performance charge air cooler. This powerful cooler features a revolutionary Competition core (Tube Fin) with impressive dimensions of 590 mm x 425 mm x 65 mm. This corresponds to an external intercooler core volume of 16.3 liters. Compared to the stock intercooler, the Wagner Tuning Competition intercooler for the VW Amarok offers a staggering 81% increase in external core volume. The cast aluminum end boxes were precisely designed in CAD and optimized by CFD simulations for ideal internal airflow. Intelligent air routing in the radiator inlet ensures even filling of the intercooler core. The result? Outstanding cooling properties with minimal backpressure. The newly developed Competition high-performance intercooler core also ensures a sufficient air supply for neighboring components such as the water cooler. At the same time, the cooler itself remains incredibly light. Experience optimal cooling of the supercharged air, resulting in a noticeable increase in power. Our intercooler is designed to meet the demands of your ride and give you an amazing driving experience. Our intercoolers feature a high quality anti-corrosion coating that provides excellent heat conduction properties and protects your product from environmental elements. This quality guarantees a long-lasting and optimal cooling effect that you can rely on. Installation is effortless at the original mounting points - a true plug-and-play system. Rely on our constant quality monitoring to ensure you get only the best. Ready for more power? Boost the performance and efficiency of your VW Amarok with the WAGNERTUNING Competition intercooler. Wagner Tuning COMPETITION CHARGE AIR COOLER KIT for VW Amarok VW Amarok 3,0TDI (120KW/163PS) 2017+ VW Amarok 3,0TDI 4Motion (150-190KW/204-258HP) 2016+ Inlet diameter Ø60 mm ; Exhaust diameter Ø60 mm core dimensions OEM intercooler: 620 mm x 415 mm x 35 mm $V = 9,0$ LA = 2573 cm² core dimensions Wagner Tuning intercooler: 590 mm x 425 mm x 65 mm $V = 16,3$ LA = 2507 cm² Part number 200001131 Kit comes with: 1 intercooler 1 mounting material 1 installation instruction
