Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331140280</b>
Kod producenta	<b>WT-200001141</b>

### Opis produktu

Experience performance on a new level

Our Competition intercooler sets new standards in performance. With intercooler core dimensions of 610mm x 440mm x 65mm and an impressive volume of 17.45 liters, this cooler takes your vehicle to a whole new level.

With a 10% larger flow area and 50% larger charge air volume compared to the original Audi S3 intercooler, our Competition cooler provides a significant increase in performance. The innovative Competition high-performance core ensures optimal airflow to adjacent components such as the water cooler. Despite its impressive size, it remains surprisingly light (compared to S3 OEM 8 kg / Wagner Tuning 9.2 kg).

CAD designed freeform cast aluminum end boxes maximize internal airflow and provide outstanding performance characteristics.

The cooler's inlets and outlets have been enlarged to a diameter of Ø 67 mm. This kit includes matching silicone hoses that are perfectly matched.

The intercooler not only provides a performance boost, but also reduces back pressure compared to the stock cooler. An anti-corrosion coating with outstanding heat conduction properties ensures optimum cooling and thus a significant increase in performance.

The installation is done by replacing the OEM intercooler and is uncomplicated. Our products are subject to permanent qualitative monitoring.

Your performance, our commitment

The Wagner Tuning Competition Intercooler Kit developed for:  
Volkswagen Tiguan 2,0 TSI 125-155KW/170-211PS (2008-2015)

Part number 200001141:

Kit comes with  
1 charge air cooler  
2 silicone Hoses  
4 hose clamps  
1 aluminium Adapter  
1 installation instructions
