Competition Intercooler Wagner Tuning for Ford Ranger 3.2TDCi

Cena brutto	4 699,00 zł
Cena netto	3 820,33 zł
Dostępność	Na zamówienie
Numer katalogowy	331467238
Kod producenta	WT-200001148

Opis produktu

Increase the power and performance of your Ford Ranger diesel engine with the Wagner Tuning high performance intercooler. This impressive kit was developed specifically for the requirements of the Ford Ranger and makes your off-road adventure even more exciting.

The high performance intercooler features a new Competition core (Tube Fin) measuring 660 mm x 282 [254] mm x 120 [65] mm [stepped]. This core offers 32% more frontal surface area and 279% more core volume compared to the stock intercooler. Feel the difference and experience improved performance with your Ford Ranger.

The cast aluminum tanks were precisely designed in CAD and optimized in CFD simulations to ensure ideal internal airflow. Integrated air routing in the intercooler inlet ensures even filling and maximum cooling performance. The result is an outstanding cooling effect with minimal backpressure. The newly developed Competition high-performance core is also particularly lightweight and ensures sufficient airflow to adjacent components such as the water cooler. Enjoy optimal cooling of the supercharged air and experience a significant increase in performance.

The Wagner Tuning high-performance intercooler is equipped with a high-quality anti-corrosion coating that offers excellent thermal conductivity and protects the intercooler from environmental influences. This ensures long-lasting and optimal cooling performance. Installation is done by replacing the stock intercooler and is easy to perform (plug and play). Rely on our products, which are subject to continuous quality monitoring.

Enhance the performance of your Ford Ranger and be amazed by the impressive power and cooling performance of the Wagner Tuning high performance intercooler.

Inlet diameter Ø60 mm ; outlet diameter Ø60 mm

COMPETITION CHARGE AIR COOLER KIT for Ford Ranger :
Ford Ranger PX2 3.2TDCi (147kw/200hp) 2015-2019.
[for pre-facelift models, slight grille adjustment work is required].

core dimensions OEM intercooler:
670mm x 210mm x 40mm
V = 5,62 L
A = 1407 cm²

core dimensions Wagner Tuning intercooler:
660 mm x 282 [254] mm x 120 [65] mm [staggered]
V = 21,3L
A = 1861 cm²

Part number: 200001148
The kit comes with:

-
- 1 intercooler
 - 2 silicone hoses
 - 1 mounting material
 - 1 installation instruction
