Opis produktu

A set of silicone coolant hoses for the SEAT Ibiza MK5, Bocenegra, Volkswagen Polo, and Skoda Fabia, with the 1.4TSI Twincharged engines (Not suitable for the 1.4Turbo only engines).

These hoses are Fluorosilicone lined, to allow safe use with OAT type coolants.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
