Opis produktu

FUEL HANGER PLUMBING KIT 20-0702-0X FUEL HANGER PLUMBING KIT, LATE NISSAN This plumbing kits include everything required to plumb the fuel system between the Radium pump hanger and the fuel rail. This kit is NOT designed for the stock fuel rail. The kit includes -8AN (1/2") feed hose that runs from the fuel pump hanger through the provided fuel filter. A -8AN 90 degree PuskLok hose end is included for connecting to an -8AN male aftermarket fuel rail fitting (not included). A -6AN (3/8") fuel hose runs from the FPR (not included) to the fuel pump hanger return port. A -6AN 90 degree PuskLok hose end is included for connecting to an -6AN male aftermarket FPR fitting (not included). The fuel lines run through billet aluminum fuel brake line retainers. The fuel lines clear the OEM fuel pump cover and do not require any cutting or drilling to get them past the fuel tank. The feed and/or return hose can be easily modified for installation of an in-line flex fuel sensor. INCLUDES-Fuel Filter (-03 Stainless, or -05 Microglass)-Low Profile 8AN and 6AN Fuel Hanger Fittings-8AN Fuel Filter Adapter Fittings-Billet Aluminum Nissan Filter Mount-8AN and 6AN PushLok Hose Ends-8AN Fuel Feed Hose-6AN Fuel Return Hose-Fuel Brake Line Retainers-Stainless Steel Hardware Instructon PDF
