Dedykowany układ dolotowy Mishimoto Subaru/Scion/Toyota BRZ/FR-S/86 2013+

Cena brutto	1 898,00 zł
Cena netto	1 543,09 zł
Numer katalogowy	MMAI-BRZ-13BRD

Opis produktu

"Add easy horsepower to your 2013+ BRZ/FR-S with the Mishimoto Subaru BRZ / Scion FR-S Performance Air Intake! We understand that removing the front bumper of your new BRZ/FR-S is not ideal, so our engineers designed this Performance Air Intake to develop a 7 whp / 5 wtq bolt-on power increase with no bumper removal required. In addition to the impressive power increase, our engineering team ensured that safe A/F ratios are maintained throughout the entire powerband. This intake uses a silicone induction hose and aluminum intake pipe that provides a smooth path for airflow. Additionally, the CNC-machined mass airflow (MAF) housing and air straightener ensure laminar airflow across the sensor to provide accurate readings. The kit also includes a fully serviceable Mishimoto oiled air filter, which provides a 16% increase in filter surface area, allowing for greater airflow and superior filtration. The Mishimoto BRZ / FR-S Performance Cold-Air Intake includes a powder-coated airbox to ensure the hot engine bay does not heat soak the air filter. The engineers at Mishimoto designed the airbox to fit properly with the Mishimoto BRZ / FR-S Oil Cooler Kit. This intake provides power you can hear! It is a huge upgrade for intake noise and provides a nice throaty intake tone, especially under full throttle. For personalized styling, we offer this kit with a black, blue, or red silicone induction hose. As with all our products, this intake kit includes the Mishimoto Lifetime Warranty."This Part Fits: Year Make Model Submodel 2014-2019 Mini Cooper S 2013-2016 Scion FR-S Base 2013-2020 Subaru BRZ Limited 2013-2019 Subaru BRZ Premium 2015 Subaru BRZ Series.Blue 2016 Subaru BRZ Series.HyperBlue 2018,2020 Subaru BRZ TS 2017-2020 Toyota 86 Base 2018-2020 Toyota 86 GT 2017 Toyota 86 Special Edition 2019 Toyota 86 TRD Special Edition
