Opis produktu

This is a performance enhancing induction kit for the EA888 Gen 4 EVO engines – right hand drive only! For a full list of compatible vehicles please see fitment compatibility chart. This is a crosslinked Roto-Molded Polyethylene version of the MST-VW-MK803 Features Improved throttle response Dyno results: max gains 12-14bhp (this may vary dependant on vehicle) Easy to maintain dry pleated filter Cold air straight to the turbo charger What Does It Do? This induction kit delivers increased air flow and induction noise over the standard restrictive air box. Whether this kit is being installed to a standard vehicle or to a already tuned vehicle, you can be sure of the positive performance gains this will deliver. What Will I Get? MST Performance utilise the top quality components in all of their kits see below for what this kit will include.. Black heat shield Black silicone inlet pipe Red dry pleated filter Black air scoop Full fitting kit with easy step by step instructions Fits: VW Tiguan R (AD/BW) 2.0 TSI 2020-2025
