Kod producenta	MMFS-E46-01

Opis produktu

Keep your E46 M3 cool with the Mishimoto Performance Aluminum Fan Shroud Kit! This unique electric fan shroud setup completely eliminates the stock, failure-prone mechanical fan. The fan shroud mounts directly to both stock and Mishimoto radiators and includes a 16" high-flow electric fan that produces over 1850 cfm of airflow. Our in-house Dynojet testing has shown a 5 whp gain from 6500-7500 rpm and 1-2 whp gains over a majority of the power band after removing the factory clutch fan. Optionally, this kit can include a Mishimoto Adjustable Fan Controller Kit, which will provide the user with total control over coolant temperatures. The Mishimoto BMW E46 Fan Shroud Kit includes a removal tool for the clutch fan as well as all hardware required for installation. This fan shroud has a brushed finish that provides a subtle accent for your engine bay. As with all our products, this fan shroud kit includes the Mishimoto Lifetime Warranty. Direct-fit for BMW E46 M3 2001-2006. Overall size: 25.0" x 16.7" x 3.0". Dyno-proven gains of up to 5 whp at 6500-7500 rpm. Optional fan controller provides complete control of coolant temperatures at idle. Mishimoto Lifetime Warranty.
