Kod producenta	MMFS-WRX-01P

Opis produktu

A failed fan can result in overheating and potential engine damage. Protect your flat four with the all new Mishimoto direct-fit aluminum fan shroud engineered specifically for the 2001-2007 Subaru WRX/STI. The Mishimoto Subaru fan shroud kit includes pre-wired factory pigtailed for a plug-and-play connection and true direct fit, which eliminates the need to splice into your body harness. This fan shroud is constructed from lightweight aircraft-quality TIG-welded aluminum and has a brushed finish. It utilizes two high-flow 12" fans, which are highly efficient for reducing engine-bay heat and coolant temperatures. The Mishimoto Subaru fan shroud also includes provisions for mounting the factory overflow bottle to the shroud for a hassle-free installation. This fan shroud kit is covered by the Mishimoto Lifetime Warranty. Direct plug-n-play for 2004-2007 WRX/STI. Overall size: 28.5" x 15.7" x 3.5". Maximizes airflow with CFM of 2300. Includes aluminum fan shroud and two 12" slim electric fans. Mishimoto Lifetime Warranty.
