Kod producenta	MMFS-STI-08P

Opis produktu

Free up some engine bay space with the Mishimoto Subaru WRX/STI Plug-N-Play Aluminum Fan Shroud Kit! This kit bolts directly to your stock or Mishimoto Subaru Impreza WRX/STI Performance Aluminum Radiator, and works perfectly with the stock coolant overflow tank. The brushed aluminum fan shroud is preassembled with two 12" high-flow fans, and prewired with stock-style connectors. This plug-n-play kit requires zero splicing, soldering, or crimping and bolts into place just like the stock fan shroud setup. Each fan provides over 1150 CFM of airflow, which effectively keeps hot engine temperatures at bay. Thanks to a slim profile, this fan shroud has a maximum depth of just 3.5" that saves significantly more engine bay space. This kit includes all hardware for installation and the Mishimoto Lifetime Warranty. Direct plug-n-play for the 2008-2015 Subaru WRX/STI. Overall size: 28.75" x 15.75" x 3.5". Maximizes airflow with CFM of 2300. Includes aluminum fan shroud and two 12" slim electric fans. Mishimoto Lifetime Warranty.
