Opis produktu

Mishimoto has developed a direct-fit aluminum fan shroud kit for the 1990–1994 Subaru Legacy Turbo. The Mishimoto aluminum fan shroud is significantly lighter than the factory shroud and will improve engine functions and overall cooling efficiency. Whether your Subaru is stuck in traffic or idling in the staging lines for the next run down the strip, you need an appropriate and effective fan setup. The Mishimoto aluminum fan shroud kit will provide substantial airflow for proper regulation of coolant temperature. As with all Mishimoto products, this fan shroud kit includes our signature Lifetime Warranty. Direct fit for the 1990-1994 Subaru Legacy Turbo. Height: 17.38" Length: 26.25" Width: 3.5". Includes two fans, each over 1150 CFM. Compatible with both stock and Mishimoto radiators. Mishimoto Lifetime Warranty.
