Cena netto	1 482,93 zł
Dostępność	Na zamówienie
Numer katalogowy	331388200
Kod producenta	MMFS-BRZ-13PBK

Opis produktu

Free up some space in your FR-S / BRZ's small engine bay with the Mishimoto Plug-N-Play Aluminum Fan Shroud Kit in Black! This kit bolts directly to your stock or Mishimoto Subaru BRZ / Scion FR-S Performance Aluminum Radiator and works perfectly with the stock coolant overflow tank. The black anodized aluminum FR-S / BRZ fan shroud is preassembled in the correct location with two 12" fans, and prewired with stock-style connectors. This plug-n-play BRZ / FR-S fan shroud kit requires zero splicing, soldering, or crimping, and bolts into place just like the stock BRZ / FR-S fan shroud setup. Thanks to a slim profile, this fan shroud has a maximum depth of just 3.5" that saves significantly more engine bay space for a larger header, turbo kit, or supercharger. This kit includes all hardware for installation, as well as the Mishimoto Lifetime Warranty. Direct plug-n-play for the 2013+ Subaru BRZ / Scion FR-S Height: 14.2" Length: 29.7" Width: 3.5" center, 5" with mounting tabs Includes two high-flow 12" fans, each providing over 1150 CFM of airflow Fans are pre-wired with stock-style connectors Mishimoto Lifetime Warranty
