Cena netto	1 955,82 zł
Dostępność	Na zamówienie
Numer katalogowy	331390410
Kod producenta	MMFS-WRA-87K

Opis produktu

Keep your Jeep Wrangler YJ and Wrangler TJ cool with the Mishimoto Performance Fan Shroud Kit! This direct-fit electric fan shroud setup completely eliminates the stock mechanical fan. The fan shroud mounts directly to the stock radiator and Mishimoto Jeep Wrangler Performance Radiator and includes a 16 High-Flow Electric Fan that produces over 1850 cfm of airflow. Optionally, this kit can include a Mishimoto Adjustable Fan Controller Kit, which will provide the user with total control over coolant temperatures. The Engineers at Mishimoto designed drain ports on the bottom of the shroud to allow for water drainage during off-road conditions. The Mishimoto Jeep Wrangler YJ and TJ Fan Shroud Kit includes all hardware and brackets required for installation and is compatible with the stock expansion tank and power steering reservoir. Whether you have a 2.5L I-4 or 4.0L I6, all brackets are included with this kit so you don't need to order additional components! This fan shroud has a brushed finish that provides a subtle accent for your engine bay. As with all our performance Wrangler parts, this fan shroud kit includes the Mishimoto Lifetime Warranty you know and trust.

This Part Fits:
