### Opis produktu

#### Red Hose available only

This Forge Motorsport dump valve discharge pipe is available in red, blue or black and is the perfect complement to the other hoses we produce for the Fiat 500 1.4 T-jet engine. As always we have engineered this to not only look good, but to improve on the original fitment.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty\*
