EGR Replacement Pipe and Blank for VW T5 5 Cylinder 2.5 Engine

Cena brutto	679,35 zł
Cena netto	679,35 zł
Dostępność	Na zamówienie
Numer katalogowy	379175021
Kod producenta	FMEGR25
Kod EAN	*5056721210704*

Opis produktu

This alloy replacement is CNC machined from a single billet to ensure a perfect fit without distortion or leakage and along with the supplied steel blanking plate, allows for the removal and replacement of the EGR valve on the T5 5 cylinder 2.5 engine. The removal of the EGR valve, even those which are working perfectly, will give an increase in power, but most of the EGR valves after a period of time, compounded by those vehicles used on short journeys, will partially block and lead to power loss and poor running if they are not cleaned or replaced. Please be aware the engine management light will come on and the glow plug light will flash. This really is a worthwhile modification. If in the UK we have a trusted company who can do this for you.
